

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

RUSSIA CHARGED WITH DARK PACT

Said to Have Had Deep Secret. Aided Small Allies. Sensational Disclosures Published Alleged to Tell of Foreign Policy of Slavs.

Berlin, Jan. 23.—The following was given out today by the Overseas News agency: "In connection with the peace negotiations in Montenegro, The Nord Deutsche Allgemeine Zeitung publishes sensational disclosures concerning foreign policy of Russia. At the time the war began, secret negotiations were in progress between Serbia and Montenegro concerning the formation of a close diplomatic, economic and military union of these nations. Russia not only was initiated into the secret, but fostered the plan. She offered assistance in the way of funds and military instructors in order to increase the fighting strength of Montenegro.

"The long standing agreement of Serbia and Montenegro towards Austria makes it evident that these negotiations were carried on in the interest of Russia's policy of pan-Slavism being aimed against Austria.

"This is the more astonishing in view of the fact that Germany maintained a friendly attitude towards Russia after the Russo-Japanese war and sought re-establishment of the cordial relations which had been traditional for decades. The reasons why Russia declined to fall in with Germany's wishes have not been known until now.

"These reasons had to do with the state of affairs in Russia. At that time the Russian government above all else feared a revolutionary movement. In order to insure maintenance of the autocracy the government threw itself into the arms of the reactionary pan-Slavists from whom it expected staunch support of the Russian dynasty.

"The pan-Slavists were, and are, sworn enemies of Germany. The Russian government, therefore, was compelled to adopt a policy hostile to Germany in foreign affairs, which facilitated establishment of close relations with Great Britain.

"Until now these facts have been obscured by the systematic anti-German propaganda of the Russian pan-Slavists, it being asserted always that the German emperor favored the reactionary regime in Russia. In reality, Emperor William repeatedly pointed out to Emperor Nicholas the great menace to his dynasty which was occasioned by his refusal to grant a constitution.

"All these facts are well known to M. Sazonoff, the Russian foreign minister, but this did not prevent the Russian government from declaring solemnly at the outbreak of the war that it was only carrying out the foreign policy of the Black Hundred and the other pan-Slavists, in order to obtain their assistance in stifling progress in Russia."

G. W. TIDWELL ARRESTED.

Another Turn in Famous Sensational Case.

Biloxi, Miss., Jan. 21.—G. W. Attwell, alias Tidwell of Greenville, was arrested at Gulfport by United States Deputy Marshal J. B. Money, last night, on a charge of white slavery. He will remain in jail until tomorrow morning when he will be given a preliminary hearing before United States Commissioner, J. C. Tyler in this city. Attwell was arrested at the instance of United States Assistant District Attorney Philip D. Beall of Pensacola, Florida, who issued an affidavit for his arrest, alleging that he transported Isabel Attwell or Mrs. G. W. Tidwell from Florida, Ala., to Pensacola in violation of the Mann act for immoral purposes. Attwell denied that he is guilty of violating the white slave law, he maintains Mrs. Attwell or Tidwell is his former wife intimating that he had been separated from her. She is now at Pensacola.

Attwell's arrest was the result of his telephoning by long distance to a woman in Pensacola yesterday morning. The federal authorities having learned of it, telephoned United States Commissioner Tyler here to issue a warrant for his arrest. Attwell was arrested at the Wilson house, in Gulfport last night about 11 o'clock by Money.

He treats his predicament coolly and maintains that he can explain the case for which he was arrested. He is about 56 years old, apparently a man of education and was wearing a mustache when arrested. He will be brought to Biloxi for his trial tomorrow morning and will doubtless later be turned over to federal authorities at Pensacola.

A preliminary hearing of W. T. Woods and Mrs. Tidwell will be held before United States commissioner here Monday. Mrs. Tidwell and Woods refuse to talk. Mrs. Tidwell, held as witness, is out on \$300 bond.

Tidwell Waived Examination.

Gulfport, Miss., Jan. 22.—G. W. Tidwell, Sr., alias Attwell, waived examination when arranged before the United States commissioner at Biloxi, on white slave charge, and was returned to jail pending a formal order for removal to Pensacola, Fla.

He is under seven years' sentence in South Carolina for manslaughter.

Flora Etta Wilson.

Beneath the soil of the old historic Friendship burying ground rest the bodies of many men, women, boys and girls. Each lies there awaiting for that resurrection day when all shall be gathered up in the twinkling of an eye and lifted to their place in eternity—sad to those in that old cemetery who went the death summons came "Went like a slave scourged to his dungeon." But there are many, many others, who went "as one lying down to a peaceful and quiet sleep." And as I ponder over these things the sad tone of Shakespeare comes to my memory: "To die! to sleep no more; and by a sleep to say we end the heartache and the thousand natural shocks that flesh is heir to—'Tis a consummation devoutly to be wished."

How true at times this is to the tried human heart—but: "to die! to sleep! perchance to dream; ay, there's the rub! for in that sleep of death what dreams may come, must make us pause." Here is a different question that each of us must face sometime. Yet it can be faced with perfect poise as was shown by the young girl to whom this is dedicated, Flora Etta Wilson, with a deep faith in the love of God and a belief that beyond the River was a home awaiting her, departed in peace for that home.

Born fourteen years ago, the oldest daughter of Mr. and Mrs. C. P. Wilson; gave up her life to the One who gave it, January the 20th. This tells the beginning and the end of a short but heart-gladdening life. Sometimes we believe that a smile is worth more to a heart, torn asunder and bleeding with the cares of this world, than is any other thing. Young Flora, with her radiant face and cheerful laugh has driven the gloom from many faces. Because of her unselfishness, she had won a place in the community, especially among her schoolmates.

These with many others miss her. But those who miss her the most, will be the little ones at home to whom she has been the "little mother." Only fourteen, yet she had taken her place of duty not only in the home but elsewhere. Having several younger brothers and sisters, she was especially attentive to her mother's wish in caring for them as best she could.

Flora, with 12 other young men and women joined the Methodist church at Shiloh several years ago. "God wants beautiful shining stars," as her pastor said, "so He has called her home."

Up until last fall she was in good health. Since then only her Father and she knew what physical stress she underwent. "Tis true, God moves in a mysterious way."

May the life of Flora ever keep before our minds: In so doing, the qualities of truth, purity and unselfishness will be there. May we all know that she is separated only for a while; and that some time, somewhere we shall meet again, and the mysteries be cleared away. Rest sweetly Flora! We miss you but we know where to find you.

LAND SALE.

On the first salesday in February, I will sell 500 acres of land one mile South of Renno, S. C., to the highest bidder. Five horse farm in cultivation and rented this year for 4,000 lbs of lint cotton. Place well watered, good pasture land and lots of timber. PE-RU-NA
FOR HEAD, THROAT, BRONCHIA, CHEST, STOMACH—AND OTHER AILMENTS
NO HOME SHOULD BE WITHOUT IT
ALWAYS READY TO TAKE

The greatest thing in modern feeding is MOLASSES. It cuts down the feed bill and builds up the stock.

RED SHIRT HORSE AND MULE MOLASSES FEED

It's something the horses and mules like—gives them an appetite—starts the saliva running and aids digestion. Far superior to an all grain feed. Give your horses and mules a treat, and at the same time save money.

Our RED SHIRT (first grade) Horse and Mule Molasses Feed contains Corn, Oats, Ground Alfalfa, made appetizing with salt and pure cane molasses, and analyzes as follows:

Protein 10%; Fat 3%; Fibre 12%; Carbohydrates 57%

PIEDMONT HORSE & MULE MOLASSES FEED Second Grade—Analyzes: Protein 9%; Fat 2%; Fibre 12%; Carbohydrates 55%.

SWAMP FOX HORSE & MULE MOLASSES FEED (3rd Grade) This analyzes: Protein 9%; Fat 2%; Fibre 12%; Carbohydrates 55%.

PERFECTION HORSE & MULE FEED (Dry Mixed) We manufacture also a dry mixed (no Molasses) Horse and Mule Feed, which analyzes: Protein 12%; Fat 3%; Fibre 12%; Carbohydrates 57%. This is composed of straight grain and ground Alfalfa Meal.

RED SHIRT DAIRY FEED

First Grade: A balanced ration containing Molasses. Cattle are very fond of it—keeps them in good condition. Increases the flow and quality of the milk at a reduced cost of feeding. Contains ground Corn, C. S. Meal, Wheat Middling, Ground Alfalfa, Pure Cane Molasses and Salt. Analyzes: Protein 15%; Fat 3%; Fibre 12%; Carbohydrates 60%.

PIEDMONT DAIRY FEED Second Grade—Analyzes: Protein 12%; Fat 2½%; Fibre 12%; Carbohydrates 55%.

RED SHIRT HOG FEED A combination of Digestive Tankage, Ground Corn, Rice screenings; very fattening. Keeps the hogs in good condition. We manufacture also RED SHIRT Scratch Feed and RED SHIRT Baby Chick Feed.

"SEVEN EGGS A WEEK" HEN MASH Composed of Ground, Corn, Ground Oats, Ground Wheat, Barley, Maize, Rice, Cottonseed Meal, Cow Peas, Meat Meal and Linseed Meal. Analyzes: Protein 18%; Fat 4%; Fibre 12%; Carbohydrates 40%.

As shown on the bags in our ad, nearly all of our feed is made from Carolina products, even to the bags and twine. We are, therefore, in the market for Oats, Corn, Wheat, Alfalfa Hay and any other kind of Hay.

We also carry a full stock of GRAIN, HAY AND STRAW.

Our feeds as shown above are mixed on scientific principles to furnish the greatest nourishment at the lowest cost. Let us show you how to cut your feed bills down. Write us for prices, etc.
